

Kwanza & Lower Congo Basins

Tannezuft Hot Shale Isopach & Maturity

GeoEdges Inc.

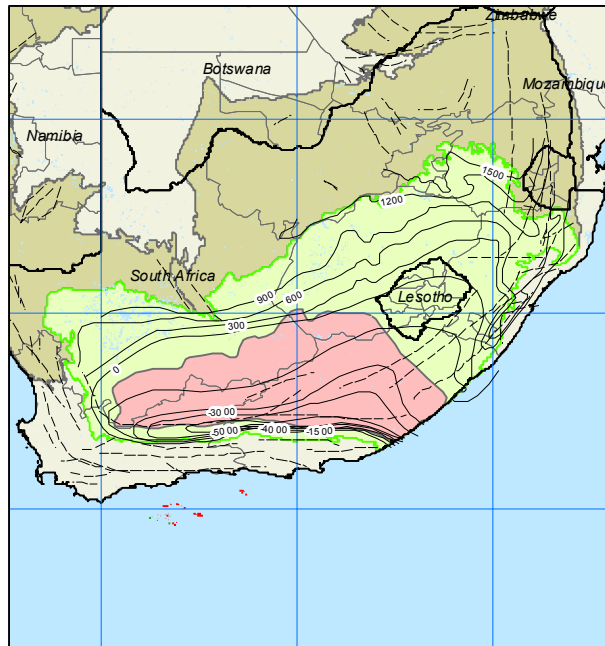

**AFRICA
GEOLOGICAL EDGE SET**
for all digital mapping applications

Central Africa Rift Basins

Karoo Basin Shale Gas Potential

- GeoEdges Inc. provides detailed and accurate subsurface geology at your fingertips in **ArcGIS, GeoGraphix, Petra** and all other **ESRI Shapefile** compatible mapping applications
- Includes geological edges for **Algeria, Angola, Cameroon, Chad, Congo, Egypt, Eritrea, Gabon, Guinea-Bissau, Kenya, Libya, Madagascar, Morocco, Mozambique, Namibia, Nigeria, Senegal, Seychelles, Sierra Leone, South Africa, South Sudan, Sudan, Tanzania, Tunisia, Uganda, Zaire, Zambia** and more
- Includes field outlines, structural features, facies and reservoir trends, outcrops, license blocks, transportation infrastructure, structure and isopach maps, shale gas maturity and distribution

ANNUAL LICENSE SUBSCRIPTION - 2024 Pricing

The **Africa Geological Edge Set** is available to subscribing companies on an annual license basis (per company, based on daily worldwide production):

<2,000 BOE/d	USD \$6,650 per year
<10,000 BOE/d	USD \$9,500 per year
<20,000 BOE/d	USD \$12,350 per year
<60,000 BOE/d	USD \$15,200 per year
<100,000 BOE/d	USD \$17,100 per year
>100,000 BOE/d	USD \$19,000 per year

Annual License Fee includes:

- Full set of ESRI Shapefiles for import into Petra, GeoGraphix, Kingdom, ArcGIS and other applications
- Petra Thematic Mapper projects, GeoGraphix files, ArcView maps
- Hard copy prints of key maps
- User's manual in digital format
- New versions and additions to mapping
- Full technical support

Geological features provided (partial list only):

General: Producing Basins, Arches & Anticlines, Synclines & Basin Axes, Cordillera, Shield, Thrusts, Africa Shield, Major Faults, Minor Faults, Reverse Faults, Strike - Slip Faults, Rivers, Major Water Bodies, Bathymetry, Pipelines, Roads, Railroads, Territorial Waters, Urban Areas, Countries, States, Topography, Lat-Long Grid, etc.

Bedrock Geology: Quaternary, Tertiary, Cretaceous, Jurassic, Triassic, Permian, Carboniferous, Paleozoic, Volcanics, Precambrian

O&G Fields: Africa O & G Fields

Shale Plays: Ecca Group Structure & Gas Prospective Area, Whitehill Fm Isopach, Frasnian Shale Maturity Structure & Vitrinite Reflectance, Sirte Shale Maturity, Tannezuft Hot Shale Isopach & Maturity, Tannezuft Shale Structure & Limit, Tannezuft Vitrinite Reflectance, Tindouf Shale Structure & Shale Gas Prospective Area

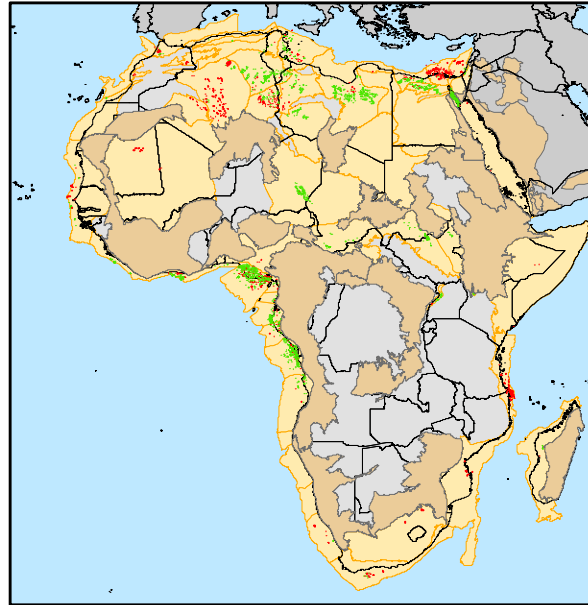

Geology Abu Madi Paleovalley, Central Africa Rift Basins, East Africa Rift Basins, Eocene Paleogeography, Cretaceous Shelf Edge, Major Fan Buildouts, Niger Delta Shorelines, Nigeria Offshore Structural Domains, Shale Ridges, Sirte Sub Basins
